## Wearable Art Review Entry Guidelines

Deadline for the submission of art will be July 26, 2017 unless the piece has been displayed in the Wearable Art Department in the exhibit hall. The deadline for that entry is July 22, 2017 at 5:00 pm.

Fair Admission: Entrants and models will receive free admission the day of the show.

Original Design: The wearable arts entry must be an original concept designed and created by the entrant(s). This applies to all major components of the piece, but does not extend to the undergarments meant as a background to the piece. Questions about a potential entry's originality of design and creation should be directed to the Fair Office at 766-2476 or [deana@seakfair.org](mailto:deana@seakfair.org).

Modeling: Entrants must designate or request a model for their creation, or be prepared to model the piece themselves at the Fair. To prevent last minute wardrobe malfunctions, models will be required to practice modeling the design prior to the show. Please plan (or make plans with your model) to arrive at LEAST one hour before to dress, apply makeup, and line up, and walk to and from the stage.

Music: Entrants must submit music that will play while their piece is modeled on the Fair's Main Stage. Music should be a "radio edit" (clean of profanity) and should enhance the audience's experience of the piece. Music may be submitted as a MP3 file via email and **NO MORE** than 2 minutes in length.

Restrictions: Entries should be safe for models to wear and the public to view. Use of fire, explosives, animals, sharp objects, or firearms in costuming or exhibition is prohibited.

**Narrative: This will be utilized as an introduction as the model enters the stage. This should include information describing the design and/or the creative process involved. The introduction will last about 30 seconds and should be approximately 250 words.**

The Southeast Alaska State Fair reserves the right to accept or reject any entry.
